## LOCAL MATTERS.

### DEATH OF DR. ALEXANDER EVINS.

We are pained to announce the sad intelligence that Dr. Alexander Evins departed this life on Sunday night last, at the residence of Col. John H. Evans, in Spartanburg. His disease was consumption, and for many years Dr. Evins has been in delicate health, suffering from a bronchial affection. He declined rapidly for the last several weeks, and when we visited him only one week ago, we felt that his days were few in the land of the living. On Sunday evening, as we learn from the Spartanburg *Spartan*, Dr. Evins was sitting up with the family, and received his friends with his usual cheerfulness. He retired shortly after nine o'clock, going up stairs with great difficulty, supported by his nephew. In less than an hour he was a corpse. Thus passed away one who was greatly beloved and honored in our community, and whose memory will be cherished in numerous households.

Dr. Evins was born on the 17th day of March, 1802, in Spartanburg County. He studied medicine and graduated at Lexington, Ky., which was then one of the first schools in the country. There were no railroads in those days, and the young student rode to college on horseback. He practiced his profession for a short time at Fairview, in Spartanburg County, and then removed to Pendleton District, where he made hosts of friends, and for a long time enjoyed a most lucrative practice, from which he retired many years ago. He was genial and popular in his manners, and soon won the confidence and support of the people. He represented Old Pendleton in the State Senate, and when the District was divided, Dr. Evins was elected Commissioner in Equity for Anderson County. He was afterwards sent again to the State Senate, and until within a few years was always most active and useful in every relation of life. He was a delegate to the Knoxville Convention in 1836, which discussed and planned the grand scheme for a railroad connection with the great West, and his interest in the promotion of similar schemes was unabated to the end of life.

Dr. Evins was one of the earliest settlers of our town, and until a few years ago resided in our midst. He was warmly esteemed for his gentle, dignified manners, firm and decided views of men and things, and strong espousal of whatever measures for the public good he deemed right. In every circle of society, he was regarded with great respect, and to his intimate friends and acquaintances there was always a frankness and candor bearing which could not fail to elevate him as a true man and unshaken friend. He left our place several years ago, after the death of his nephew, Dr. Thomas A. Evans, and has since resided in Spartanburg. This hurried sketch is necessarily imperfect as to the life and character of the deceased, whose position and influence for so many years entitled him to rank as an honored land-mark of Anderson, whose virtues memory will be revered and his virtues tenderly cherished.

### PROTECTION AGAINST DISCRIMINATION.

The management of the railroads between Anderson and Charleston not having acceded to the reasonable demands of our merchants in regard to freights, an effort is making to secure protection against unjust and arbitrary discrimination by the establishment of a wagon line from this point to the Air Line Railroad. At a meeting of the Board of Trade, a committee was appointed to confer with the authorities of the South Carolina Railroad during the stockholder's meeting in Charleston on the 11th of April. The committee reported to the Board of Trade on the 12th inst., stating that it was not in their power to have the desired conference as a committee, and that nothing had been accomplished in reference to the reduction of freights. In a conversation with the chairman, President Magrath promised to visit Anderson soon after the meeting of stockholders of the Greenville and Columbia Railroad, but he has not yet made the promised visit. After some discussion as to the propriety of getting up a wagon train to haul goods from some point on the Air Line Railroad to this place, and making arrangements with the authorities of the said railroad in reference to freights, on motion, a committee of five members was appointed by the President to confer with the authorities of the Air Line Railroad, with the view of making arrangements in regard to freights to be delivered at some point on the said railroad, to be decided by the committee upon conference. The President appointed Messrs. N. K. Sullivan, A. B. Towers, S. Blackley, J. Baylis Lewis and O. H. P. Fant as the committee, and on motion, the President (Mr. Crayton) was added to the committee. These gentlemen were instructed to co-operate with the merchants of Pendleton, who desire to accomplish similar ends.

This is a move in the right direction, and we understand that the committee has entered upon the duties assigned with vigor and energy. The efforts already made to secure justice and fairness at the hands of the South Carolina Railroad, we regret to say, have met with unpromising results. The only response so far has been a greater discrimination than ever against the interests of Anderson. Numerous examples might be given to prove the assertion that the policy of the South Carolina Railroad, which virtually controls the Greenville and Columbia Railroad, has been steadily directed towards forcing shippers of freight to patronize the line from Charleston to Anderson, without regard to the interests of the parties involved, who pay the freights. A ton of freight from Atlanta to Greenville, a distance of 150 miles, cost \$4.00; from Greenville to Anderson, a distance of 35 miles, \$6.00. One hogshead of molasses and two sacks of coffee from Wilmington to Columbia cost \$5.32; from Columbia to Anderson, \$14.46. A package of goods from New York to Greenville cost \$1.45; from Greenville to Anderson, \$2.32. Flour from Atlanta to Greenville costs forty cents per barrel; from Greenville to Anderson, eighty cents. These instances are sufficient to show that our merchants are restricted by the exorbitant local tariffs charged upon all goods not shipped from Charleston or through that city. It is lamentable that the railroad authorities do not recognize the fact that such a policy is suicidal in the extreme, and that in preventing our merchants from building up and enlarging the trade of Anderson, they are lessening freights from this depot, besides increasing the trade and business of every point on the Air Line Railroad. Selfish considerations alone would seem to dictate a different policy, whereby the business of Anderson would be fostered and stimulated, instead of hampered and restricted.

The Greenville and Columbia Railroad has recently given notice that it will not recognize any through bills of lading or through rates of freight from Northern or Eastern cities, except those issued by the regular authorized agents of the Great Southern Freight Line, via Charleston, S. C. All freight destined for stations on the line of the Road, except as above stated, will be subject to the local classification and rates of freight. This undignified purpose to force the merchants along the line to patronize a particular freight line, or else subject themselves to heavy penalties, leaves no alternative to the merchants of Anderson save to seek another outlet for transacting their business with the outside world. The power to escape the penalties imposed by a railroad monopoly is within their grasp, and we shall be greatly disappointed unless the present movements of our Board of Trade are not speedily consummated. We would greatly prefer, as a matter of pride in our commercial metropolis, that a different spirit was exercised towards the interior merchants, and that the efforts of our railroad magnates be directed to increasing the trade of every town, which is tributary to Charleston. But the experience of the past teaches that naught will convince them we are in earnest, until the trade of Anderson is diverted to another channel. This plan is feasible and practicable, and the President Magrath can only blame his own policy for the adoption of this plan in self-defence by our merchants.

### TEMPERANCE EXCURSION.

As has been previously announced, the anniversary picnic of the Anderson Division, No. 1, Sons of Temperance, will take place at Williamston on Saturday, 27th inst. Arrangements have been made for an excursion train from Anderson to Williamston, which will depart and arrive on the regular passenger schedule. The committee in charge of the excursion have fixed the price of tickets as follows: From Anderson and return, 50 cents; Bolton and return, 25 cents. All are expected to purchase tickets before getting on the train, and they can be procured on application to G. F. Tolly, L. P. Smith or P. K. McCully. The low price ought to induce a large attendance. Public addresses are to be delivered by Prof. J. H. Carlisle, of Spartanburg, Prof. J. P. Smetzer, of Wallhalla, and Rev. Samuel A. Weber, of Williamston, whose reputation for ability and zeal in the temperance cause will doubtless attract a large crowd of visitors. The citizens of Williamston and surrounding country are especially invited to participate in this anniversary celebration, and we understand that invitations have been extended to the members of the order throughout the county. All who can be expected to provide baskets of provisions. The Anderson Cornet Band has been secured for the occasion, which is an arrangement of delightful music. Every arrangement has been made to furnish the utmost enjoyment, and we are confident that those participating will give unusual pleasure to those participating. The excursion itself will prove a delightful and innocent recreation, while the feast of reason in store for the hearers will not fail to produce good results.

### LECTURE OF THE NATIONAL GRANGE.

It gives us pleasure to note the fact that Col. A. B. Smedley, of Iowa, who is the Lecturer of the National Grange, has been induced to visit South Carolina in the discharge of his duties, and will devote the latter part of June to a short tour through the upper section of the State. His regular appointments conclude at Anderson C. H. on Tuesday, 20th of June, and we are confident that a large audience will greet his appearance in our midst. Col. Smedley by birth and education is a Northern man, and has been prominently connected with the Patrons of Husbandry since its inception as an organization. Occupying the distinguished position of National Lecturer, we presume that he will impart desirable instruction to members of the order, and give interesting details of its progress in the North. Hence, it will prove interesting and instructive for every member of the Grange, and we would urge every one engaged in agriculture to be present. Suitable arrangements will be made to accommodate a large audience.

### READING AND MUSICAL CLUBS.

The organization of the Anderson Reading and Musical Club has been completed, and the following officers elected to serve the balance of the present year: Prof. W. J. Ligon, President; James A. Hoyt, Vice President; A. J. Watt, Second Vice President; W. W. Keys, Secretary and Treasurer; Louis Sharpe, Critic. The Executive Committee is composed of Messrs. J. L. McGee and W. S. Ligon and Miss Ida Brown. The meetings have been well attended, and we are gratified to know that the young people are becoming more interested in so pleasant and profitable employment of their time. The meeting on Tuesday evening last took place at the residence of Mr. S. Blackley, and was largely attended. The usual programme was observed, and the Club adjourned to meet at the residence of Mr. A. J. Hoyt on next Tuesday evening.

### BRIEF MENTION.

The proceedings of several Democratic Clubs were received too late for insertion in this issue.

Our Hones Path correspondent states that some rust is reported in wheat, and that the oat crop has improved since the rain.

Gen. Harrison has declined to serve as chairman of the delegation to Charleston, and has requested the delegates to meet and elect a chairman.

A Lodge of Good Templars was organized at Easley Station on Thursday evening last by Thomas N. Berry, of Greenville, embracing more than twenty members.

The delinquent land list which appears this week embraces a number of citizens, we understand, who tendered bills of the Bank of the State in payment of their taxes.

The Governor has appointed Mr. B. F. Crayton to fill the vacancy in the Board of County Commissioners, occasioned by the death of Mr. Leavell. We believe that Mr. Crayton has not yet accepted the position.

Farmers are complaining of rust in wheat at this time. The rust is confined to the blade so far, and permanent damage is not anticipated. The oat crop looks promising, and recent rains will improve the prospect.

We learn that Belton Division, Sons of Temperance, proposes to celebrate its first anniversary on the 20th inst., when a picnic dinner will be given. Good speakers have been secured, and a very pleasant time may be expected.

The Belton Minstrel Troupe will give an entertainment on the evening of the 20th inst., embracing a variety of interesting dialogues and excellent music. The performance will begin at 7 o'clock. Admission, 50 cents; ladies and children, 25 cents.

The Hones Path Democratic Club met on Saturday last, when addresses were delivered by Dr. W. C. Brown, Mr. James A. Hoyt and Rev. A. C. Stepp. A goodly number of members in attendance, and a resolution was adopted requesting Senator Cochran to resign. The Club is in a flourishing condition, and embraces nearly all the white men in the township.

We learn that a man named Burns committed suicide near Pratt's Mill, in the neighborhood of Due West, on Saturday last. The rumor is that he made several efforts to get bread for his family, and on returning to his home, the cries of his children for bread unsettled his mind, when he took down his gun and shot himself. This is a most lamentable occurrence, if the report be true. It is hard to believe that any community in South Carolina will deny bread to starving children, where persons are able to relieve their suffering.

### RAILROAD MEETING.

A meeting was held in the Court House on Tuesday evening last, in the interest of the Blue Ridge Railroad. On motion, Mr. James A. Hoyt was called to the chair, and Mr. E. P. Earle requested to act as Secretary. The chairman explained the object of the meeting as being to appoint delegates to represent the town of Anderson in the Railroad Convention which meets in Charleston on the 25th inst., and declared the meeting ready for business.

Mr. Brock moved that a committee of five be appointed to nominate twenty delegates to the Charleston Convention, which motion was adopted, and the following committee appointed: J. A. Brock, W. M. Humphreys, Wm. McGulkin, W. S. Brown and A. B. Towers.

The committee subsequently reported the names of the following gentlemen to act as delegates: O. H. P. Fant, S. Blackley, B. F. Crayton, N. K. Sullivan, W. W. Humphreys, John B. Watson, James L. Orr, E. P. Earle, B. F. Whittier, E. M. Rucker, S. McCully, W. S. Sharpe, J. P. Reed, Wm. McGulkin, G. F. Tolly, P. K. McCully, F. C. Borstel, John McGrath, P. A. Wilhite, John E. Breazeale.

After some discussion in regard to the names of additional delegates, and the appointment of delegates from the county, on motion of John R. Cochran, Esq., the name of Gen. J. W. Harrison was added to the delegation already elected, and he was made chairman of the same. Capt. S. M. Pegg submitted the following names as additional delegates, which upon motion were accepted: C. A. Reed, R. S. Hill, Julius Poppe and A. T. Broyles.

Gen. Harrison moved that ten names be added from the county, and Mr. N. K. Sullivan moved to amend that the chair be authorized to appoint two delegates from each township, which amendment was accepted, and the motion adopted. Under this motion, the following delegates have been selected: Hones Path—Dr. T. A. Huggins and Wm. Lee. Belton—Dr. W. C. Brown and A. J. Stringer. Fork—F. E. Harrison, and H. R. Vandiver. Yemassee—C. S. Mattison and J. W. Norris. Hall—J. S. Beatty and J. P. McGee. Martin—James A. Drake and Reuben Clinckales. Corner—Dr. J. H. Reid and T. A. Sherard. Savannah—A. M. Holland and H. B. Major. Centerville—Thomas B. Lee and W. B. Watson. Hopewell—A. W. Guyton and J. Baylis Smith. Garvin—Larkin Newton and W. C. Watkins.

Rock Hill—W. H. D. Gaillard and James Hunter. Brushy Creek—John M. Glenn and John W. Rosamond. Williamston—Dr. H. I. Epting and Thomas Crymes. Broadway—J. Willet Prevost and B. B. Breazeale. Rock Mills—A. C. Dobbins and J. A. McLesky.

On motion, the chairman was authorized to fill any vacancies which may occur in the delegation.

The proceedings were ordered to be published in the town papers, and the meeting adjourned.

JAMES A. HOYT, Chm'n.

E. P. EARLE, Sec.

### BROADWAY DEMOCRATIC CLUB.

Messrs. Editors: A regular meeting of Broadway Club was held on Saturday last, and the following resolutions were adopted and requested to be published in the Anderson papers: Resolved, That this Club make no nomination of candidates for office as a Club, but leave its members untrammelled to act for themselves in the primary elections. A committee of three were then appointed to consider the case of our Senator, John R. Cochran. After consultation they made their report, and offered the following preamble and resolution, which were unanimously adopted by a rising vote: WHEREAS, John R. Cochran has failed to carry out his pledges, and betrayed the trust reposed in him by members of this Club who aided him in his election.

Resolved, That we ask him to resign his office. Messrs. W. G. Browne, John W. Daniels and James H. McConnell being present were called upon and responded with short speeches, pledging themselves to abide by the result of the primary elections. A friend of Capt. T. P. Benson then stated that he was by him authorized to say that he would abide the same result. It was then agreed that this Club meet again at Wm. Smith's school-house on Saturday night the 27th of May, and that all the colored people in the vicinity be invited to attend.

THOS. ERSKINE, President.

L. E. CAMPBELL, Secretary pro tem.

### SPECIAL NOTICES.

The Scriptures say Naaman would not believe what he was told to be cured of leprosy, he had only to bathe in the river Jordan. His unbelief brought days of suffering upon him, as it does upon those who delay taking MERRELL'S HEPATINE for the Liver. When the skin and eyes become yellow in the spring season, with pains in the head and bones of the body, and a heavy feeling about the stomach, after meals; there is but one chance to escape. Sickness of some sort is sure to come, unless the bile and bad blood is carried out of the system. Go to your druggist, Messrs. Simpson & Sadler, and get a bottle of MERRELL'S HEPATINE, that cures all diseases of the liver.

Doctors are guessers. If they guess right you are all right—provided you pay the bill. If they guess wrong, you go to the graveyard—they go to their dinner. MERRELL'S HEPATINE has cured more cases of liver disease, indigestion, constipation and dyspepsia, than all the doctors and pills in the world combined. Ask your druggist, Messrs. Simpson & Sadler, about this medicine—HEPATINE. Each bottle contains fifty doses, and will cure any case of liver complaint in the world.

GLOBE FLOWER COUGH SYRUP cures cough, colds, and will positively cure consumption. For sale by Messrs. Simpson & Sadler.

An Appeal to Parents. You do love your children? Then preserve their health. Next to the blessing of life itself, is the enjoyment of perfect health. How many are stricken down in their infancy almost without a moment's notice by that insidious disease, Croup, simply through the neglect to be provided with the proper remedy? The tender plant is nipped and withers ere it blooms. When the little sufferer has short, difficult, hoarse breathing, with a harsh, metallic cough, like coughing through a brass trumpet, there is no time to lose. Begin at once the use of Dr. TOTT'S EXpectorant, and the disease will readily yield to it. Always have it ready in the house, as this fatal malady requires the prompt treatment. It is very pleasant to the taste, and children take it readily.

Sensible Advice. You are asked every day through the columns of the newspapers and by your Druggist, to use something for Dyspepsia and Liver Complaint that you know nothing about, but get discouraged spending money with but little result. Let us give you a simple, proven fact that GUNN'S ACID FLOWER will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Bloating, Belching, Flatulency, Heartburn, Water-brash, coming up of food after eating, loss of spirits, &c., we ask you to go to your Druggist, and get a bottle of GUNN'S ACID FLOWER for 10 cents, two doses will relieve you.

This being only a semi-annual meeting of the Convention, and not being generally understood by the members, very few letters were received.
